ENT procedure dashboards (36)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	General ENT	Adenoidectomy age 0-16 elective
2	General ENT	Adenoidectomy age 17+ elective
3	General ENT	Adult snoring surgery age 17+ elective
4	General ENT	Closure/removal of tracheostomy age 0-16
5	General ENT	Diagnostic endoscopic examination of pharynx/larynx/TNO age 17+ elective
6	General ENT	Grommets age 0-16 elective
7	General ENT	Grommets age 17+ elective
8	General ENT	Microlaryngoscopy and therapeutic procedure age 17+ elective
9	General ENT	Open airway surgery age 0-16 elective
10	General ENT	Paediatric airway diagnostic procedures ± therapeutic procedures age 0-16
11	General ENT	Parathyroidectomy / parathyroid procedures age 17+ elective
12	General ENT	Pinnaplasty age 0-16 elective
13	General ENT	Pharyngeal pouch surgery age 17 + elective
14	General ENT	Replacement of tracheostomy tube age 0-16
15	General ENT	Salivary gland surgery age 17+ elective
16	General ENT	Thyroidectomy age 17+ elective
17	General ENT 	Tonsillectomy age 0-16 elective
18	General ENT 	Tonsillectomy age 17+ elective
19	General ENT	Tracheostomy age 0-16
20	General ENT	Tracheostomy age 17+

ENT procedure dashboards (36)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
21	Otology	Bone anchored hearing aid surgery age 0-16 elective
22	Otology	Bone anchored hearing aid surgery age 17+ elective
23	Otology	Cochlear implant age 0-16 elective
24	Otology	Cochlear implant age 17+ elective
25	Otology	Primary cholesteatoma surgery age 0-16 elective
26	Otology	Primary cholesteatoma surgery age 17+ elective
27	Otology	Primary ossiculoplasty age 17+ elective
28	Otology	Primary stapedectomy age 17+ elective
29	Otology	Primary tympanic membrane repair age 0-16 elective
30	Otology	Primary tympanic membrane repair age 17+ elective
31	Rhinology	Reduction or manipulation of fractured nose age 0-16
32	Rhinology	Reduction or manipulation of fractured nose age 17+
33	Rhinology	Septoplasty age 17+ elective
34	Rhinology	Septorhinoplasty age 17+ elective
35	Rhinology	Sinus surgery age 17+ elective
36	Rhinology	Turbinate surgery age 17+ elective

Gynaecology procedure dashboards (24)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Benign	Dilation and curettage for heavy menstrual bleeding age 17+ elective
2	Benign	Endometrial ablation age 17+ elective
3	Benign	Female sterilisation age 17+ elective
4	Benign	<input type="radio"/> Gynaecological laparoscopy age 17+
5	Benign	<input type="radio"/> Hysterectomy for benign disease age 17+ elective
6	Benign	Myomectomy age 17+ elective
7	Benign	Ovarian cyst surgery age 17+ elective
8	Benign	Salpingectomy / salpingostomy age 17+
9	Onco-Gynaecology	<input type="radio"/> Procedures for ovarian cancer age 17+ elective
10	Onco-Gynaecology	Radical excision of vulva age 17+ elective
11	Onco-Gynaecology	Radical hysterectomy for cervical cancer age 17+ elective
12	Onco-Gynaecology	Radical hysterectomy for uterine cancer age 17+ elective
13	Onco-Gynaecology	Radical vulvectomy age 17+ elective
14	Onco-Gynaecology	Simple hysterectomy for cervical cancer age 17+ elective
15	Onco-Gynaecology	Simple hysterectomy for uterine cancer age 17+ elective
16	Uro-Gynaecology	Abdominal prolapse procedures age 17+ elective
17	Uro-Gynaecology	Autologous fascia sling age 17+ elective
18	Uro-Gynaecology	Colposuspension age 17+ elective
19	Uro-Gynaecology	Removal of mesh age 17+ elective
20	Uro-Gynaecology	Vaginal prolapse procedures age 17+ elective
21	Mesh insertion*	Insertion of tension-free vaginal tape (TVT) only age 17+ elective
22	Mesh insertion*	Insertion of tension-free vaginal tape (TVT) with prolapse procedure age 17+ elective
23	Mesh insertion*	Insertion of transobturator tape (TOT) only age 17+ elective
24	Mesh insertion*	Insertion of transobturator tape (TOT) with prolapse procedure age 17+ elective

* Historical view only.

Lower GI procedure dashboards (35)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Colorectal <input type="radio"/>	Colectomy for crohn's disease age 17+ elective
2	Colorectal <input type="radio"/>	Colectomy for diverticulitis age 17+ elective
3	Colorectal <input type="radio"/>	Colectomy for ulcerative colitis age 17+ elective
4	Colorectal	Colorectal and liver resection age 17+ elective
5	Colorectal	Colorectal cancer resection age 17+ elective
6	Colorectal	Haemorrhoid surgery age 17+ elective
7	Colorectal	TEMS/TAMIS for rectal cancer age 17+ elective
8	Lower GI	Anal fissure operations age 17+ elective
9	Lower GI	Anorectal fistula operations age 17+ elective
10	Lower GI	Appendicectomy age 17+ elective
11	Lower GI	Closure of colostomy age 17+ elective
12	Lower GI	Closure of ileostomy age 17+ elective
13	Lower GI <input type="radio"/>	Colectomy for benign non-IBD disease age 17+ elective
14	Lower GI	Creation of defunctioning ileostomy age 17+ elective
15	Lower GI	Creation of temporary ileostomy age 17+ elective
16	Lower GI	Dilation of anal sphincter age 17+ elective
17	Lower GI	Dilation of colostomy age 17+ elective
18	Lower GI	Dilation of ileostomy age 17+ elective

Dashboards continue on next slide

Lower GI procedure dashboards (35)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
19	Lower GI	Drainage of anorectal abscess age 17+ elective
20	Lower GI	End colostomy age 17+ elective
21	Lower GI	Excision of lesion of anus age 17+ elective
22	Lower GI	Excision of lesion of rectum age 17+ elective
23	Lower GI	Exenteration of pelvis for lower gastrointestinal cancer age 17+ elective
24	Lower GI	Loop colostomy age 17+ elective
25	Lower GI	Operations on anal cancers age 17+ elective
26	Lower GI	Operations on pilonidal sinus age 17+ elective
27	Lower GI	Parastomal hernia repair age 17+ elective
28	Lower GI	Rectal prolapse repair age 17+ elective
29	Lower GI	Rectocele repairs (colorectal) age 17+ elective
30	Lower GI	Refashioning of colostomy age 17+ elective
31	Lower GI	Refashioning of ileostomy age 17+ elective
32	Lower GI	Resection of ileocolic anastomosis age 17+ elective
33	Lower GI	Rubber band ligation of prolapsed rectal mucosa age 17+ elective
34	Lower GI	Sacral nerve stimulators for faecal incontinence age 17+ elective
35	Lower GI	Sphincter repairs for faecal incontinence age 17+ elective

Neurosurgery procedure dashboards (15)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Cerebrovascular	Total non-traumatic subarachnoid haemorrhage age 17 +
2	Cerebrovascular	Cerebral aneurysm coiling & clipping age 17+
3	Cranial trauma	Cranial trauma age 17 +
4	Craniofacial	Cranioplasty insertion age 17 +
5	Craniofacial	Cranioplasty removal age 17 +
6	Functional - pain	Decompression of trigeminal nerve age 17 +
7	Functional - pain	Destruction of trigeminal nerve age 17 +
8	General neurosurgery	Decompressive craniectomy age 17 +
9	Neuro-oncology	Biopsy of lesion for primary malignant tumours of the brain age 17+
10	Neuro-oncology	Craniotomy for primary malignant tumours of the brain age 17+
11	Skull base	Craniotomy or endoscopic procedures for patients with Chordoma age 17 +
12	Skull base	Excision of meningioma of skull base age 17 +
13	Skull base	Excision of vestibular schwannoma age 17 +
14	Skull base	Primary excision of pituitary tumour age 17 + elective
15	Skull base	Revision excision of pituitary tumour age 17 + elective

OMFS procedure dashboards (24)

Specialty not actively being rolled out but available on request.

Sub-specialty	Title (in alphabetical order, by sub-specialty)
1 Emergency/trauma	Orbital trauma repair age 17+
2 Emergency/trauma	Repair of fractured mandible age 17+
3 Emergency/trauma	Repair of fractured zygomatic complex of bones age 17+
4 Head and neck cancer	Major head / neck resection age 17+ elective
5 Head and neck cancer ○	Major head / neck resection with flap & neck airway age 17+ elective
6 Head and neck cancer ○	Major head / neck resection with flap age 17+ elective
7 Head and neck cancer	Major head / neck resection with neck airway age 17+ elective
8 Head and neck cancer	Major head / neck resection with lymph node removal age 17+ elective
9 Head and neck cancer	Minor or intermediate head / neck resection age 17+ elective
10 Head and neck cancer	Minor or intermediate head / neck resection with lymph node removal age 17+ elective
11 Head and neck cancer	Neck dissection age 17+ elective
12 Oral surgery	Coronectomy age 17+ elective inpatient and day case
13 Oral surgery	Enucleation of dental cyst of jaw age 17+ elective inpatient and day case
14 Oral surgery	Extraction of multiple teeth age 17+ elective inpatient and day case
15 Oral surgery	Oral biopsy age 17+ elective inpatient and day case
16 Oral surgery	Surgical and impacted extraction of tooth age 17+ elective inpatient and day case
17 Oral surgery	Surgical exposure of tooth age 0-17 elective inpatient and day case
18 Oral surgery	Survival removal of wisdom tooth (+/- impacted) age 17+ elective inpatient and day case
19 Orthognathic surgery	Osteotomy of mandible and maxilla (both) age 17+ elective
20 Orthognathic surgery	Osteotomy of mandible (only) age 17+ elective
21 Orthognathic surgery	Osteotomy of maxilla (only) age 17+ elective
22 Skin cancer	Excision of lesions from skin of the head and neck region age 17+ elective
23 Temporomandibular joint	TMJ Arthrocentesis age 17+ elective
24 Temporomandibular joint	TMJ Joint replacement age 17+ elective

Orthopaedics procedure dashboards (51)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Ankle & foot	Ganglion excision of foot age 17+ elective
2	Ankle & foot	Primary 1st metatarsal osteotomy age 17+ elective
3	Ankle & foot	Primary 1st MTP fusion age 17+ elective
4	Ankle & foot	Primary ankle fusion age 17+ elective
5	Ankle & foot	Primary ankle replacement age 17+ elective
6	Ankle & foot	Primary hindfoot fusion age 17+ elective
7	Ankle & foot	Primary IP joint fusion of the toe age 17+ elective
8	Ankle & foot	★ Procedures on nail or nailbed of toe age 17+ elective
9	Hand & wrist	Congenital hand surgery age 0-16 elective
10	Hand & wrist	Dupuytren's age 17+ elective
11	Hand & wrist	Ganglion excision age 17+ elective
12	Hand & wrist	○ Primary carpal tunnel release age 17+ elective
13	Hand & wrist	Primary wrist fusion age 17+ elective
14	Hand & wrist	Primary wrist replacement age 17+ elective
15	Hand & wrist	Small joint replacement in hand age 17+ elective
16	Hand & wrist	○ Revision carpal tunnel release age 17+ elective
17	Hand & wrist	Trigger finger release age 17+ elective
18	Hand & wrist	Amputation of hand or finger age 17+ elective
19	Hand & wrist	Amputation of hand or finger age 17+ emergency
20	Hip	Primary hip replacement age 17+ elective
21	Hip	Revision hip replacement age 17+ elective
22	Hip	Revision hip replacement age 17+ non-elective
23	Hip	Surgical procedure for fractured neck of femur age 17+

Orthopaedics procedure dashboards (51)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
24	Knee	Arthroscopic knee procedures age 17+ elective
25	Knee	High tibial osteotomy age 17+ elective
26	Knee	Primary cruciate ligament reconstruction age 17+ elective
27	Knee	Primary total knee replacement for primary osteoarthritis age 17+ elective
28	Knee	Primary unicompartmental tibiofemoral joint replacement age 17+ elective
29	Knee	Primary unicompartmental patellofemoral joint replacement age 17+ elective
30	Knee	Revision cruciate ligament reconstruction age 17+ elective
31	Knee	Revision knee replacement age 17+ elective
32	Shoulder & elbow	Acromioclavicular joint surgery (ACJ) age 17+ elective
33	Shoulder & elbow	Arthroscopic biceps procedure age 17+ elective
34	Shoulder & elbow	Excision of calcific tendinopathy age 17+ elective
35	Shoulder & elbow	Frozen shoulder surgery age 17+ elective
36	Shoulder & elbow ○	Primary cubital tunnel release age 17+ elective
37	Shoulder & elbow	Primary elbow replacement age 17+ elective
38	Shoulder & elbow	Primary rotator cuff repair age 17+ elective
39	Shoulder & elbow	Primary shoulder replacement age 17+ elective
40	Shoulder & elbow	Release of contracture of elbow joint age 17+ elective
41	Shoulder & elbow	Revision elbow replacement age 17+ elective
42	Shoulder & elbow	Revision shoulder replacement age 17+ elective
43	Shoulder & elbow ○	Shoulder stabilisation surgery age 17+ elective
44	Shoulder & elbow	Subacromial decompression age 17+ elective

Dashboards continue on next slide

Orthopaedics procedure dashboards (51)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
45	Nerve	★ Primary brachial plexus procedures age 17+ elective
46	Nerve	★ Primary peripheral nerve neurolysis or decompression age 17+ elective
47	Nerve	★ Primary peripheral nerve neurotomy age 17+ elective
48	Nerve	★ Primary peripheral nerve repair age 17+ elective
49	Oncological	★ Procedures for benign and malignant neoplasms of peripheral nerves age 17+ elective
50	Oncological	★ Procedures for benign and malignant neoplasms of soft tissue age 17+ elective
51	Oncological	★ Procedures for benign and malignant neoplasms of the bone age 17+ elective

Paediatrics procedure dashboards (84)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	General	Insertion of tunnelled venous catheter or subcutaneous port age 0-16 elective
2	General	Insertion of tunnelled venous catheter or subcutaneous port age 0-16 emergency
3	General	Appendicostomy age 0-16 elective
4	General	Orchidopexy age 0-16 elective
5	General	Primary anti-reflux surgery age 0-16 elective
6	General	Primary inguinal hernia repair age 0-16 elective
7	General	Repair of hypospadias age 0-16 elective
8	General	Splenectomy age 0-16 elective
9	General	Tongue tie repairs age 0-16 elective
10	General	Thyroglossal cyst procedures age 0-16 elective
11	General	Umbilical hernia repair age 0-16 elective
12	General	Atresia of bile duct procedures age 0-16 elective
13	General	Cholecystectomy age 0-16 elective
14	General	Circumcision age 0-16 elective
15	General	Correction for oesophageal atresia age 0-16
16	General	 Procedures on nail or nailbed of toe age 0-16 elective
17	General	Insertion of gastrostomy age 0-16 elective
18	General	Mitrofanoff procedure without bladder augmentation age 0-16 elective

Paediatrics procedure dashboards (84)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
19	Lower GI	Operations on pilonidal sinus age 0-16
20	Lower GI	Haemorrhoid surgery age 0-16 elective
21	Lower GI	Anorectal fistula operations age 0-16 elective
22	Lower GI	Colectomy for Crohn's disease age 0-16 elective
23	Lower GI	Surgery for anorectal malformations age 0-1
24	Lower GI	Surgery for Hirschsprung's disease age 0-1
25	Lower GI	Incisional hernia repair age 0-16 elective
26	Lower GI	Liver resection age 0-16 elective
27	Lower GI	Closure/removal of gastrostomy or jejunostomy age 0-16 elective
28	Lower GI	Closure of ileostomy age 0-16 elective
29	Lower GI	Closure of colostomy age 0-16 elective
30	Lower GI	Dilation of anal sphincter age 0-16 elective
31	Lower GI	Urethral dilatation age 0-16 elective
32	Orthopaedics	<input type="radio"/> Developmental dysplasia of the hip (DDH) age 0-16
33	Orthopaedics	<input type="radio"/> Hallux valgus age 0-16
34	Orthopaedics	Toe straightening procedures age 0-16
35	Orthopaedics	Meniscal procedures or meniscectomy age 0-16
36	Orthopaedics	<input type="radio"/> MPFL reconstruction age 0-16
37	Orthopaedics	<input type="radio"/> Intra-articular (ACL PCL) operations age 0-16
38	Orthopaedics	<input type="radio"/> Knee non-cruciate ligaments operations age 0-16

Paediatrics procedure dashboards (84)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
39	Thoracic	Resection of lung lesion age 0-16 elective
40	Upper GI	Procedures for achalasia age 0-16 elective
41	Upper GI	Ventral hernia repair age 0-16 elective
42	Urology	Endoscopic destruction of urethral valves age 0-16
43	Urology	Endoscopic removal of tubal prosthesis from ureter age 0-16 elective
44	Urology	Diagnostic endoscopic examination of bladder age 0-16 elective
45	Urology	 Bladder augmentation: surgical age 0-16 elective
46	Urology	Hydrocele age 0-16 elective
47	Urology	Nephrectomy for benign disease age 0-16 elective
48	Urology	Nephrectomy for neoplasms age 0-16 elective
49	Urology	Prepuceplasty age 0-16 elective
50	Urology	Primary pyeloplasty age 0-16 elective
51	Urology	Injection of bulking agents age 0-16 elective
52	Urology	Evacuation or irrigation of bowel age 0-16 elective
53	Urology	 Appendicocaecostomy age 0-16 elective
54	General	 Appendicitis age 0-16
55	Urology	 Foreskin reconstruction age 0-16
56	Urology	 Frenuloplasty age 0-16
57	General	 Insertion or creation of arteriovenous shunt age 0-16 elective

Paediatrics procedure dashboards (84)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
58	Urology	★ Meatoplasty age 0-16 elective
59	General	★ Percutaneous transluminal vein procedures age 0-16
60	General	★ Unilateral oophorectomy age 0-16
61	General	★ Unspecified diagnostic endoscope of peritoneum age 0-16
62	General	★ Excision of ovarian lesion age 0-16
63	General	★ Adrenalectomy for adrenal pathologies age 0-16 elective
64	Urology	★ Varicocele procedures age 0-16 elective
65	Urology	★ Bladder: neuropathic procedures age 0-16 elective
66	Orthopaedics	★ Primary carpal tunnel release age 0-16 elective
67	Orthopaedics	★ Acromioclavicular joint surgery (ACJ) age 0-16 elective
68	Orthopaedics	★ Shoulder stabilisation surgery age 0-16 elective
69	Orthopaedics	★ Primary ankle fusion age 0-16 elective
70	Orthopaedics	★ Primary hindfoot fusion age 0-16 elective
71	Orthopaedics	★ Primary 1st MTP fusion age 0-16 elective
72	Orthopaedics	★ Trigger finger release age 0-16 elective
73	Orthopaedics	★ Ganglion excision age 0-16 elective
74	Orthopaedics	★ Surgical procedure for fractured neck of femur age 0-16 non-elective
75	Orthopaedics	★ Revision hindfoot fusion age 0-16 elective
76	Orthopaedics	★ Reduction of shoulder dislocation age 0-16

Paediatrics procedure dashboards (84)

	Sub-specialty		Title (in alphabetical order, by sub-specialty)
77	Orthopaedics	★	Shoulder primary fracture reduction and fixation age 0-16 emergency
78	Orthopaedics	★	Ganglion excision of foot age 0-16 elective
79	Orthopaedics	★	Amputation of hand or finger age 0-16 elective
80	Orthopaedics	★	Amputation of hand or finger age 0-16 emergency
81	Orthopaedics	★	Release of contracture of elbow joint age 0-16 elective
82	Orthopaedics	★	Primary cubital tunnel release age 0-16 elective
83	Orthopaedics	★	High tibial osteotomy age 0-16 elective
84	Orthopaedics	★	Distal femoral osteotomy age 0-16 elective

Spinal procedure dashboards (34)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	HVLC	Anterior cervical spine decompression / fusion procedures age 17 + elective
2	HVLC	Lumbar decompression / discectomy procedures age 17 + elective
3	HVLC	Lumbar nerve root block / epidural age 17 + elective
4	HVLC	Medial branch block / facet joint injections age 17 + elective
5	HVLC	One- or two-level posterior lumbar fusion surgery procedures age 17 + elective
6	General	Adult spinal deformity correction age 19+ elective
7	General	Anterior lumbar surgical approach age 17+ elective
8	General	Cervical and thoracic facet joint denervation age 17+ elective
9	General	Cervical and thoracic medial branch block / facet joint injections age 17+ elective
10	General	Coccygectomy age 17+ elective
11	General	Direct lateral interbody fusion (DLIF) age 17+ elective
12	General	Discography age 17+ elective
13	General	Dynamic stabilisation and/or Lumbar interspinous spacer age 17+ elective
14	General	Excision of intradural intramedullary spinal cord tumours elective
15	General	Insertion of growing rods 18 and under elective
16	General	Lumbar disc replacement age 17+ elective
17	General	Lumbar facet joint denervation age 17+ elective
18	General	Paediatric early onset spinal deformity correction age 9 and under elective
19	General	Paediatric late onset spinal deformity correction age 10 - 18 elective
20	General	Primary and revision anterior cervical corpectomy age 17+ elective
21	General	Primary and revision posterior cervical decompression (without fusion) age 17+ elective
22	General	Posterior lower cervical spine fusion age 17+ elective
23	General	Revision posterior lumbar decompression / discectomy age 17+ elective
24	General	Sacroiliac joint injection age 17+ elective
25	General	Spinal cord stimulators age 17+ elective
26	General	Spinal nerve root ablation age 17+ elective
27	General	Upper cervical spine fusions age 17+ elective

Spinal procedure dashboards (34)

	Sub-specialty		Title (in alphabetical order, by sub-specialty)
28	General		Cervical nerve root block / epidural (HVLC) age 17+ elective
29	General		Syringomyelia procedures age 17+ elective
30	General		Syringomyelia procedures age 0-16 elective
31	General		Vertebral cement augmentation age 17+ elective
32	General		Vertebral cement augmentation age 17+ emergency
33	General		Primary posterior lumbar decompression / discectomy age 17+ emergency
34	General		Thoracic discectomy age 17+ elective

Thoracic Surgery dashboards (29)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Thoracic surgery	Bronchoscopic lung volume reduction procedures age 17 + elective
2	Thoracic surgery	Combined rib resection with pleural fenestration age 17 +
3	Thoracic surgery	Correction of pectus deformity age 17 + elective
4	Thoracic surgery	EBUS age 17 + elective
5	Thoracic surgery	Extended pleurectomy decortication for mesothelioma age 17 + elective
6	Thoracic surgery	Extrapleural pneumonectomy for mesothelioma age 17 + elective
7	Thoracic surgery	Internal fixation of rib fracture age 17 + elective
8	Thoracic surgery	Lobectomy age 17 + elective
9	Thoracic surgery	Lobectomy: sleeve age 17 + elective
10	Thoracic surgery	Mediastinoscopy age 17 + elective
11	Thoracic surgery	Open lung volume reduction surgery for emphysema age 17 + elective
12	Thoracic surgery	Partial pleurectomy for mesothelioma age 17 + elective
13	Thoracic surgery	Plication of diaphragm age 17 + elective
14	Thoracic surgery	Pleural lesion biopsy age 17 + elective
15	Thoracic surgery	Pleural lesion excision age 17 + elective
16	Thoracic surgery	Pleurectomy decortication for mesothelioma age 17 + elective
17	Thoracic surgery	Pneumonectomy age 17 + elective
18	Thoracic surgery	Pulmonary resection with chest wall or diaphragmatic resection age 17 + elective

Thoracic Surgery dashboards (29)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
19	Thoracic surgery	Resection of other mediastinal mass/tumour age 17 + elective
20	Thoracic surgery	Resection of primary chest wall tumour, non-lung ca age 17 + elective
21	Thoracic surgery	Segmentectomy age 17 + elective
22	Thoracic surgery	Therapeutic bronchoscopy procedures age 17 + elective
23	Thoracic surgery	Thymectomy for myasthenia gravis age 17 + elective
24	Thoracic surgery	Thymectomy without myasthenia gravis age 17 + elective
25	Thoracic surgery	Tracheal resection for non-tumour age 17 + elective
26	Thoracic surgery	Tracheal resection for tumour age 17 + elective
27	Thoracic surgery	Wedge resection age 17 + elective
28	Thoracic surgery	Surgery for pneumothorax age 17 +
29	Thoracic surgery	Surgical treatment for pleural empyema (primary diagnosis) 17+ emergency

Upper GI and hernia procedure dashboards (28)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Bariatric	Gastric balloon age 17+ elective
2	Bariatric	Gastric band age 17+ elective
3	Bariatric	Gastric bypass (bariatric) age 17+ elective
4	Bariatric	Revision bariatric surgery age 17+ elective
5	Bariatric	Sleeve gastrectomy age 17+ elective
6	HPB	Bile duct exploration age 17+ elective
7	HPB	Cholecystectomy for benign gallbladder disease age 17+ elective
8	HPB	Cholecystectomy for benign gallbladder disease age 17+ emergency
9	HPB	Distal pancreatectomy age 17+ elective
10	HPB	ERCP age 17+
11	HPB	Hepaticojejunostomy procedures (without liver/pancreatic resections) age 17+ elective
12	HPB	Liver ablation age 17+ elective
13	HPB	Liver cyst fenestration age 17+ elective
14	HPB	Liver resection age 17+ elective
15	HPB	Pancreaticoduodenectomy age 17+ elective
16	HPB	Splenectomy age 17+ elective
17	HPB	Total pancreatectomy age 17+ elective

Dashboards continue on next slide

Upper GI and hernia procedure dashboards (28)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
18	OG	Benign hiatal surgery age 17+ elective
19	OG	Closure/removal of gastrostomy or jejunostomy age 17+ elective
20	OG	Feeding gastrostomy age 17+ elective
21	OG	Feeding jejunostomy age 17+ elective
22	OG	Gastrectomy age 17+ elective
23	OG	Gastric bypass (cancer) age 17+ elective
24	OG	Oesophagectomy age 17+ elective
25	OG	Procedures for achalasia age 17+ elective
26	Hernia repair	Femoral hernia repair age 17+ elective
27	Hernia repair	Inguinal hernia repair age 17+ elective
28	Hernia repair	Ventral hernia repair age 17+ elective

Urology procedure dashboards (35)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Andrology	Insertion of penile prosthesis age 17+ elective
2	Andrology	Microtесе age 17+ elective
3	Andrology	Orchidopexy age 17+ elective
4	Andrology	Peyronie's surgery age 17+ elective
5	Andrology	Urethral dilatation, female age 17+ elective
6	Andrology	Urethral dilatation, male age 17+ elective
7	Andrology	Urethroplasty for stricture, male age 17+ elective
8	Andrology	Urethrotomy age 17+ elective
9	Andrology	Varicocele ligation age 17+ elective
10	Endourology	Insertion of ureteric stent age 17+
11	Endourology	Litholapaxy for bladder stones age 17+ elective
12	Endourology	Extracorporeal shock wave lithotripsy of calculus (ESWL) age 17+ elective
13	Endourology	 Percutaneous nephrolithotomy (PCNL) age 17+ elective
14	Endourology	 Ureteroscopy age 17+ (HVLC)
15	Endourology	Nephrostomy age 17+
16	General	Circumcision age 17+ elective
17	General	Hydrocoele age 17+ elective
18	General	Insertion of suprapubic catheter age 17+
19	General	 Male bladder outflow obstruction surgery age 17+ elective (HVLC)
20	General	Nephrectomy for benign disease age 17+ elective
21	General	Pyeloplasty age 17+ elective

Dashboards continue on next slide

Urology procedure dashboards (35)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
22	Functional	Injection of bulking agents age 17+ elective
23	Functional	Cystectomy for benign disease age 17+ elective
24	Functional	Insertion of artificial sphincter age 17+ elective
25	Functional	Sacral nerve stimulation for urinary conditions age 17+ elective
26	Functional	Vaginal fistula age 17+ elective
27	Oncology	<input type="radio"/> Adrenalectomy for adrenal pathologies age 17+ elective
28	Oncology	<input type="radio"/> Cystectomy for malignant neoplasms of the bladder age 17+ elective
29	Oncology	Endoscopic resection of lesion of bladder (TURBT) age 17+ elective (HVLC)
30	Oncology	Lymph node management for penile cancer age 17+ elective
31	Oncology	<input type="radio"/> Nephrectomy for cancer age 17+ elective
32	Oncology	<input type="radio"/> Nephroureterectomy for cancer age 17+ elective
33	Oncology	Primary management of penile cancer age 17+ elective
34	Oncology	<input type="radio"/> Prostatectomy for cancer age 17+ elective
35	Oncology	Prostate biopsy age 17+ elective

Vascular dashboards (23)

	Sub-specialty	Title (in alphabetical order, by sub-specialty)
1	Aneurysm	AAA repair without rupture age 17+ emergency
2	Aneurysm	EVAR age 17+ elective
3	Aneurysm	Open AAA repair age 17+ elective
4	Aneurysm	Open thoracic aorta repair age 17+ elective
5	Aneurysm	Ruptured AAA repair age 17+ emergency
6	Aneurysm	TEVAR age 17+ elective
7	Aneurysm	Thoracic aneurysm repair (with or without rupture) age 17+ emergency
8	Arterial	<input checked="" type="radio"/> Aortic dissection age 17+ emergency
9	Arterial	Biopsy of artery age 17+
10	Carotid	Carotid endarectomy/stenting age 17+
11	Lower limb	Lower limb angioplasty/stenting for PAD age 17+
12	Lower limb	Lower limb bypass age 17+
13	Lower limb	Major lower limb amputation age 17+
14	Lower limb	Foot or toe amputation age 17+
15	Lower limb	Femoral artery repair age 17+
16	Lower limb	Open embolectomy of femoral artery age 17+
17	Renal access	Insertion/removal of ambulatory peritoneal dialysis catheter age 17+ elective
18	Renal access	Insertion/removal of ambulatory peritoneal dialysis catheter age 17+ emergency
19	Thoracic outlet procedures	Thoracic outlet procedures age 17+ elective
20	Venous	Insertion or creation of arteriovenous shunt age 17+ elective
21	Venous	Percutaneous transluminal vein procedures age 17+
22	Venous	Percutaneous transluminal venous thrombolysis age 17+
23	Venous	Varicose vein repairs age 17+ elective
