

NCIP- Your data at your fingertips

Make your appraisals sharper, faster, and evidence-based. The NCIP Data Portal gives consultants direct access to their latest verified data, helping you back up your recommendations with accuracy and confidence.

Compare your unit's data with other centres using GIRFT and NCIP – see how you benchmark and identify areas for improvement or areas of strong performance.

NCIP is available for the following specialties:

- Breast surgery
- ENT
- General surgery: HPB, Upper Gastrointestinal (GI) and Lower GI
- Gynaecology
- Neurosurgery
- Orthopaedic surgery
- OMFS & oral surgery
- Paediatric surgery
- Spinal surgery
- Surgical dermatology & skin surgery
- Thoracic surgery
- Urology
- Vascular surgery
